

## Indicators for soil ecosystem services

co-convener (MINOTAUR): Stefano Mocali, [stefano.mocali@crea.gov.it](mailto:stefano.mocali@crea.gov.it)

Antonio Bispo (WP6): [antonio.bispo@inrae.fr](mailto:antonio.bispo@inrae.fr) ; Maria Fantappie(WP6): [maria.fantappie@crea.gov.it](mailto:maria.fantappie@crea.gov.it);

Isabelle Cousin (SERENA): [isabelle.cousin@inrae.fr](mailto:isabelle.cousin@inrae.fr)

European soil policy is developing towards a regular assessment of soil health on the basis of monitoring by the Member States of the chemical, physical and biological condition of soils and their actual capability to contribute to the provision of ecosystem services (ES). This call invites contributions on indicators for soil health, including specific references and target values associated to healthy soils, and approaches for monitoring, defining sampling scheme, modelling and mapping of indicators and their linkage to ES. Methodological approaches aimed to the characterization of bundles of soil ES and soil threats are particularly welcome.
