

Long-term field experiments of Humboldt-Universität zu Berlin

Code	Experiment	start	end	factors	A	B	C	D	E	Remark
BDa-D3	Static Soil Use Experiment	1923	1938	3	Soil tillage depth	Liming	P-Fertilisation			
		1938	1967	4	Soil tillage depth	Liming	P-Fertilisation	FYM application		
		1967	2013	5	Soil tillage depth	Liming	P-Fertilisation	FYM application	crop rotation	
		2013		5	Soil tillage depth	Liming	P-Fertilisation	FYM application		
BDa_D3N	Static Soil Managment Experiment, Aftereffects	2013		5	Soil tillage depth	Liming	P-Fertilisation	FYM application	crop rotation	
BDa_E-Feld	Long-Term Agrarmeteorological Field Experiment	1953		1	Crop type					
BDa_IOSDV	International Long-Term Organic Nitrogen Fertilisation Experiment	1985		2	Organic fertilisation	N-Fertilisation				
Thy_ABS	Long-Term Field Demonstration of Cropping Systems	2005		1	Cropping system					
Thy_D1	Static Fertilisation and Irrigation Trial	1969		2	Straw incorporation + N-fertilisation	Irrigation				
Thy_D41	Static Nutrient Deficiency Experiment	1936		1	Mineral fertilisation and/or FYM, liming					
Thy_D42	Static Nutrient Deficiency Experiment with Monoculture of Winter Rye	1998		1	Mineral fertilisation and/or FYM, liming					
Thy_D5	Static Experiment "Crop rotation and straw fertilisation"	1972		2	Straw incorporation	N-fertilisation				in three different crop rotations
Thy_D6	Static Soil Fertility Trial	1937	1977	1	Mineral and/or different forms of organic fertilisation					
		1977		2	Mineral and/or different forms of organic fertilisation	N-fertilisation
